*The Biocellulose mask was studied to hydrate and soften the skin of the face, giving it a radiant appearance. After its application, a protective membrane allows efficient absorption of ingredients contained in serum. The main ingredients of serum are Aloe Vera, Hyaluronic Acid and Glycerin.*

**HOW TO USE IT:** *Open the sachet. Biocellulose sheet is between a sheet of nylon and a blue non-woven. Remove those protective coverings and start applying the mask on the upper front, then adjust it around eyes and mouth areas. Leave on 15-20 minutes, then remove it and gently massage any excess serum. In case of contact with eyes, rinse with water.*
